

University Placement Cell (UPC)

In collaboration with

Modal Career Centre (MCC)

A workshop on “**Resume Preparation & Interview Tips**” was organized by University Placement Cell (UPC) in collaboration with Model Career Centre (MCC) on Thursday, 29th November, 2018 for the III semester students of M.Sc. Environmental Science and M.Sc. Applied Geology. Mr. Arun Kumar Bharti, Centre Manager, MCC started the session with brief introduction about the Centre and the Cell, followed by the experiences of interviews that made students understand the importance of knowledge, simplicity and being sensitive.

Further, students became more involved due to the ice-breaking session led by Mr. Sunil Singh (Ministry of Labour) and Mr. Shaswat (Placement Officer). The session helped the students to learn with an amicable attitude, analysis on resume making, exercising on different situations and questions they may face in any interview.

The trainers appreciated the enthusiasm of the participants and thanked Prof. S.S. Das, Head Dept. of Earth & Planetary Sciences and Prof. D.K. Chauhan, Coordinator, Centre of Environmental Studies for encouraging the students to actively participate in the workshop.
