SkillsBuild
Innovation Camp
Entrepreneurship

The Entrepreneurship Innovation Camp is designed to bring you experiential learning and develop an entrepreneurial mindset as you build and test your own business idea to create a valid business opportunity. Students will learn a practical approach through an interactive learning environment, professional guidance from industry experts and working on real-time projects.

With a right mixture of learning and mentoring, students will learn how to learn the basics needed to build a business model for your idea to pitch it and launch it. Take control of your life and pursue your dreams by learning how to think and act entrepreneurially in business and in your life.

Innovation Camp concludes with Review Meeting where teams pitch their business ideas to facilitators, stake- holders and potential employers or investors.
