

2 Day Workshop on NEP 2020  
17-18 June 2022

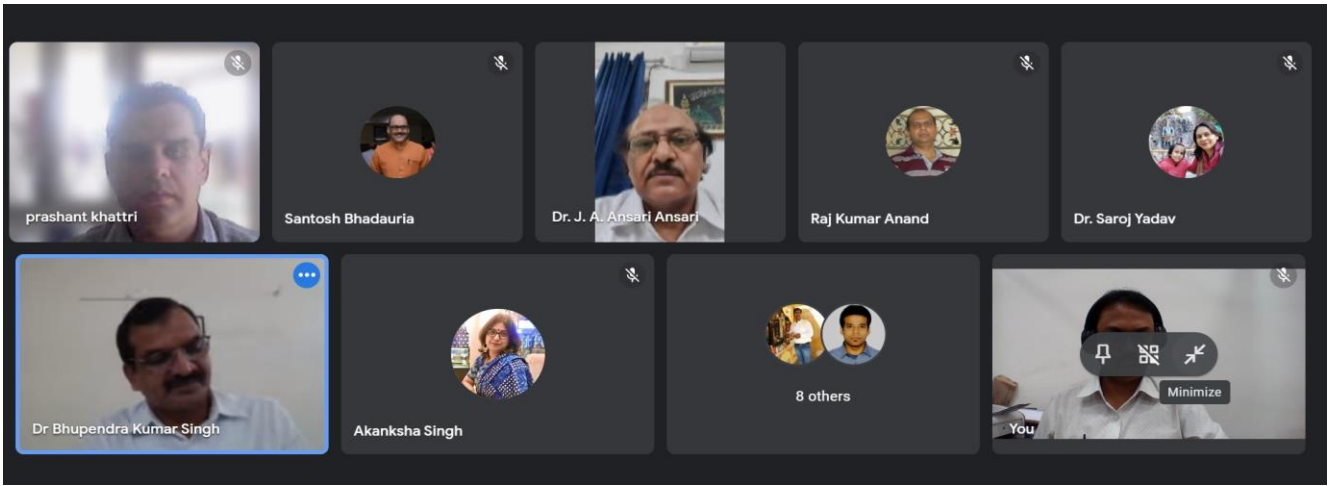

UGC-Human Resource Development Centre, University of Allahabad organized 2 Day Workshop on NEP 2020. It was intended to sensitise the participants including faculty members and scholars about the internalisation components of NEP 2020. Dr. Prashant Khattri, Deputy Director, UGC-HRDC, University of Allahabad welcomed the guest speaker and participants and further highlighted the role of the UGC-HRDC in training the faculty and scholars with the latest trends in higher education. The Workshop was inaugurated on 17 June 2022 with an expert talk on ‘Research Integrity’ a most important factor for an academicians by Dr. Bhupendra Kumar Singh, University Librarian, Central Library, University of Allahabad. Dr. Singh discussed various points associated with fundamental values of academic integrity, research misconduct, and good scientific practices along with Shodh Chakra, and Indian Copyright Act. Further Dr. Singh enumerated that to ensure research integrity, the execution of ethical standards, research conduct, and accurate documentation and reporting are inevitable. He explained, besides good leadership, honesty, accountability and professional courtesies are extremely imperative. He cited several instances of grave ethical misconducts of plagiarism, image duplication, falsification and fabrication of data by the high-profile academicians and researchers from prestigious institutes across the globe.

In the second session on 17 June, Prof. Susheel Kumar Sharma, Professor of English, University of Allahabad discussed the vibrant topic of NEP 2020, i.e., “Internationalization of Higher Education”. In his talk, Dr. Sharma discussed Sustainable Development Goal 4 (SDG 4) and its 10 targets which aim to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.”

In the first meeting on 18 June an expert talk was delivered by Dr. Dhananjay Chopra, Course Coordinator, Centre of Media Studies, University of Allahabad on the topic “Digital Governance.” Dr. Chopra explained that a metamorphosis changes have been occurred in the society and in the education system due to this digital revolution and thus it is a time to develop self-organized learning environment. He showed various digital tools and applications to support the teaching and learning environment.

In the last session on 18 June, Prof. Dhananjay Yadav, Professor and Head, Department of Education delivered a talk on “Educational Framework for Global Citizen in Higher Education.” In his presentation Dr. Yadav emphasized that global citizenship education in India is a key factor promoting more freedom and democracy in today’s globalized world. The discussion centered around learnership, citizenship education, challenges to the Indian education system, skilled and competent learner, democratic learning, and learning environment. Dr. Yadav further discussed about approaches to the delivery, approaches to curriculum organization, pedagogical approaches, implementation modalities, and approaches to assessment of learning outcomes relating to global citizenship in higher education.

The workshop successfully completed with vote of thanks to all participants followed by concluding remarks by Prof. J. A. Ansari, Director, UGC-HRDC, University of Allahabad. The workshop was coordinated by Dr. Sudhanshu Kumar Jha, Assistant Director, UGC-HRDC, University of Allahabad.

Dr Bhupendra Kumar Singh is presenting

### Difference between Ethics and Integrity

- Ethics can be defined as rules and regulations that have been formed which allow an individual to work in accordance to moral principles, while **"integrity"** suggests that we should carry out **ethical** principles in our daily lives and activities, rather than espousing an ideal and then doing something contradictory. Integrity can be defined as the quality of being honest and fair.
- Ethics are more external whereas integrity is internal
- Ethics is not a choice whereas integrity is a personal choice.
- Ethics can be imposed on individuals, but integrity cannot be imposed on.

A screenshot of a Zoom meeting during a presentation. The main window shows a slide titled "Difference between Ethics and Integrity" with a bulleted list of definitions and characteristics. The slide content is as follows:

- Ethics can be defined as rules and regulations that have been formed which allow an individual to work in accordance to moral principles, while **"integrity"** suggests that we should carry out **ethical** principles in our daily lives and activities, rather than espousing an ideal and then doing something contradictory. Integrity can be defined as the quality of being honest and fair.
- Ethics are more external whereas integrity is internal
- Ethics is not a choice whereas integrity is a personal choice.
- Ethics can be imposed on individuals, but integrity cannot be imposed on.
